

Woodland Schools - Nursery

Bonfire Night & Fireworks - 08.11.16

Key Value: Tolerance

We talked about autumn and what the features of autumn are. Thomas – the leaves are all changing. Tom – They are falling to the floor. They noticed that the tree in the playground had nearly lost all its leaves and some were still falling. They found some leaves of different colours. Thomas noticed something special about some of the leaves. Thomas – It's got frost on. The children were excited to see the frost on the way to the woods. Isla – there is frost on the floor over there. Cody – the garden is all crunchy today. He then noticed that there was ice in the puddle. He cracked it up and showed his friends. Louise was surprised how cold it was when she felt it against her cheek.

Looking for pictures of leaf animals. They found lots of them and could tell me what the animals were. They managed to remember 7 out of the 16.

Louise heard the whistle and remembered what she had to do. She reminded all her friends. 'Go back, go back.'

They spotted the bridge that the reception and nursery children made last week and were very impressed.

The children noticed that the leaves were falling from the trees. We tried to catch some as they were coming down.

We talked about fireworks. Tom - mine were all sparkling. Isla - Mine was a straight line one and it went straight up.

Some of the children had a go at making firework pictures using leaves and sticks. Grace - I'm making a big spider.

Thumbs up and down. They listened to the questions and showed me what they thought. They are good at giving their own opinion and not copying their friends.

On the way back to school grace was excited to find a worm. She knew it shouldn't live there.
