

Woodland Schools - reception

Willow planting and fence building- 29.11.16

Key Value: responsibility

When we were getting ready the blue hats had run out and there was only a pink one left. Francis – Colour doesn't matter. He put on the pink hat. We talked about the seasons on the way to camp. Isla – its winter now. In the Autumn the leaves start changing colour but they're all gone now. Scarlett – it gets colder. Georgia – Christmas is in Winter.

Ella - We're looking for treasure. Francis - It will be a treasure box. They spent a while looking at the bottom of each tree to see if there was any treasure.

William - We're metting again. It cuts the wood off. James - We're making our own fence. They worked really well as a team, counting hits so everyone had a fair turn. Oliver - We have a metting machine.

Ella - Something has been eating these leaves. She thought I rabbit.

Francis - there were tractor lines when we came in. Look there is the tractor that made them. It must have gone in the field.

Me - What is responsibility? Josh - when you look after things. William - We look after the woods. Isla - We look after the animals.

All the children were able to correctly identify beech and sycamore leaves.

The children worked quickly to continue the fence that the nursery children had started. They worked together to collect sticks and carefully weaved them in the fence. 'We'll need 2 or 3 people to carry these sticks.'

We talked about how we can look after the birds in the winter. They said they needed food and somewhere warm to sleep. They made cheerio rings for the birds to eat.

Scarlett – I liked making the bird feeder because I filled it up and twisted it around all by myself.

Oliver – I enjoyed everything because it is fun.

William – I liked making my fence and mettling because you can get sticks.

Josh – I liked making the fence because it's like a real builder.

Ella – I liked digging because it is awesome.

Francis – I enjoyed coming to camp because it's cool.

James – I liked making the fence I liked putting the sticks on and collecting them.

Isla – I liked making the fence because I liked everything.

Georgia – I enjoyed everything because it is exciting.
